About This Book

Welcome to instagraphics, a brand-new way of looking at the world through visuals. This colourful, eye-catching book lets readers explore their universe and learn about some of the surprising science that makes our world work.

Explore record breakers, animal facts, the latest supertech, and deadly earth science through a mix of photos, maps, icons, and instagraphics: visuals that allow you to instantly draw comparisons at a glance. This is a fresh and exciting take on making nonfiction facts accessible and interesting for middle-grade readers.
