

Picture a Tree matching game

Print, Cut, Play!

You will need:

- 8 ½" x 11" paper or card-stock
- Scissors
- Tape or glue

Step 1: Print the templates in colour on 8 ½" x 11" paper or card stock

Step 2: Using scissors, cut out all the cards along the dotted lines.

Step 3: If desired, tape or glue the red leaf cards to the back of all the cards.

Step 4: Mix up the cards and place them all on a table with the tree pictures facing down.

PLAY!

Option 1: One player

Select two cards and turn them over. If the cards match, move them to the side and flip over two more cards. If the cards don't match, place them back and try again. The game ends when you have matched all of the pairs!

Option 2: Play with a friend

The first player selects two cards and turns them over. If the cards match, the player collects them and plays again. If player 1 turns over cards that don't match, then player 2 begins his or her turn. The game is over when there are no more cards on the table. The player with the most matching sets of cards wins!
